

S-390 Introduction to Wildland Fire Behavior Calculations – South Placer FD “Station 17”

Instructor:

Fire Captain Matt Brown
Santa Clara County Fire
Department

Captain Brown is assigned to Cupertino Station, which is a type-3 and OES type-1 strike team house. Captain Brown is the situation unit leader for Nor-Cal Incident Management Team 2. He is also “red-carded” in the following ICS positions: ENGB, FIRB, FEMO, FOBS, GSAN, Fire Behavior Tech Spec, LTAN and is a graduate of S-590 Advanced Fire Behavior.

Captain Brown is one of the California State Fire Training’s curriculum developers for the new wildland programs.

Elite Command Training

**S-390 Wildland Fire Behavior
Calculations - \$425.00**
(CSFT certificates of completion)

November 27 - 30, 2017

Note: on November 27, class will begin at: 1000 hours

COURSE DESCRIPTION:

This course is designed to introduce fire behavior calculations by manual methods, using nomograms and the Fire Behavior Handbook Appendix B. Students gain an understanding of the determinants of fire behavior through studying inputs (weather, slope, fuels, and fuel moisture). Students also learn how to interpret fire behavior outputs, documentation processes, and fire behavior-briefing components.

NOTE: S-290 PREREQUISITE & PRE-COURSEWORK
