

INCIDENT COMMAND SYSTEM

AH-330 Strike Team/Task Force Leader – All Hazards

PRE-COURSE WORK
ASSIGNMENT

PRE-COURSE WORK ASSIGNMENT

You are required to complete the work assignment as a prerequisite to your participation in this course. The assignment consists of a pre-course test, which provides a basis for reviewing the principles of the Incident Command System, as well as key operational elements essential to performance expectations of this position. You are requested to bring this completed assignment on the first day of class. You will also be required to participate in discussing the subject matter covered.

Reference sources which will facilitate your resolution of the assignments are as follows:

Required: (students must bring to class)

- Field Operations Guide, 420-1 (also Available App "FIRESCOPE ICS 420-1" \$1.99)
- Interagency Initial Response Pocket Guide (IRPG), NFES 1077
- Downloaded AH-330 student supplement and WUI Ops Guide from State Fire Training webpage osfm.fire.ca.gov/training/SFTCurriculum under the Incident Command System section.

INCIDENT COMMAND SYSTEM
